Directed by William Lustig

Cult filmmakers director William Lustig and screenwriter Larry Cohen team for a hilariously hilarious star spangled shocker perfect for these trying political times. When the body of a Desert Storm vet rises from the grave on the 4th of July, he unleashes a red-blooded rampage on the unpatriotic denizens of his All-American home town. Draft dodgers, tax cheats, crooked politicians and flag-burners beware: Uncle Sam wants you... DEAD!

Directed by William Lustig

Director William Lustig and screenwriter Larry Cohen reunite for the epic conclusion to their action slasher trilogy! One's a cop. One's a killer. But on Earth no one can tell them apart. A doctor is caught in the crossfire of two humanoid aliens, both claiming to be on the hunt for the other. But which is the bloodthirsty psychopath and which is the Peacemaker in this deadly game of extraterrestrial cat and mouse? Director Kevin Tenney unleashes an out-of-this world sci-fi thriller featuring Robert Forster in a starring role as one of the men from another world.

Directed by Kevin Tenney

A group of college students get a crash course in danger when their field trip to the local water & power plant is blindsided by a group of international terrorists. With their classmates held hostage, it's up to the school's troubled football player (Corey Haim) and his track star crush (Ami Dolenz) to join together to turn the tables on this terrorist takeover in director Kevin Tenney's rollicking, *Die Hard*-style action adventure.

**Mulholland Dr.** (2001) [146 min.]

Directed by David Lynch

David Lynch's intoxicating fantasia creates a visionary Los Angeles nightmare, a stunningly photographed neo-noir world of danger, dread, deep mystery, and dark humor, dismantling the Hollywood dream like pieces in a subconscious puzzle. Riveting performances from Naomi Watts and Laura Elena Harring anchor a narrative that nearly swallows itself whole, with a gorgeous score from Angelo Badalamenti.

**20 Million Miles to Earth** (1957) [83 min.]

Sunday Only

Directed by Nathan Juran

When the first US rocket ship to Venus crashes in the Mediterranean on its return, it unleashes its top-secret cargo: an ever-growing, lizard-like space creature! As the world erupts into panic, the strange Venusian beast runs amok across Italy, hurtling towards a pyrotechnic climax at the Roman Colosseum. Special effects wizard Ray Harryhausen's concentrated artistry succeeds in investing his Ymir creation with personality and soul, making *20 Million Miles To Earth* one of the supreme showcases of his talent.

November 9 & 10 at 2:00pm

**The 7th Voyage of Sinbad** (1958) [88 min.]

Directed by Nathan Juran

The sheer magic of Dynamation creates the most spectacular sights ever seen on screen! When Sinbad sets off on a dangerous journey to save a princess from the curse of an evil sorcerer, he'll encounter a mind-boggling menagerie of mythic obstacles, including a Cyclops, a fire-breathing dragon, a ferocious two-headed Roc, and an army of sword-wielding skeletons. Ray Harryhausen's unsurpassed imagination and technical wizardry help make this, his first color feature, one of film's grandest adventures.

November 16 & 17 at 2:00pm

**Jason and the Argonauts** (1963) [104 min.]

Directed by Don Chaffey

The epic story of a Greek hero's colossal adventure in search for the Golden Fleece! Ray Harryhausen's breathtakingly unforgettable movie magic shines in one of cinema's most beloved fantasy adventures. You'll gasp at the towering gladiator statue Talos, thrill to the bat-winged Harpies that torment Phineas, stare with wonder at the fish-tailed Triton rising from the sea, and flinch at the many-headed Hydra, whose teeth give rise to another skeleton army in one of Harryhausen's most technically demanding and celebrated sequences.

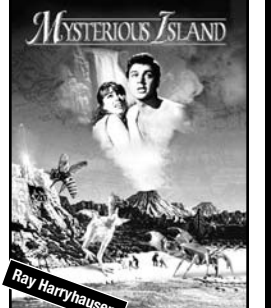

November 23 & 24 at 2:00pm

**Mysterious Island** (1961) [101 min.]

Directed by Cy Endfield

A world beyond imagination and an adventure beyond belief! *Mysterious Island* cleverly augments Jules Verne's original story of shipwreck survival with a procession of gigantic creatures and prehistoric beasts. Cy Endfield's direction deftly balances the film's dramatics and special effects, combining classically trained actors and a stellar Bernard Herrmann score with maestro Ray Harryhausen's magnificent monsters to create spectacular results.
